

Muzinich & Co further strengthens its analyst capabilities

New York/London 16 October 2017: Muzinich & Co has hired Terence Teh and Richard Smith as Credit Analysts.

Based in London, Terence is the newest member of the syndicated loans team and further enhances the firm's research capabilities in this newly-created role. Terence, who has 10 years' investment experience, joins from Deutsche Bank where he was a European High Yield Research Analyst.

Richard was previously at Citigroup where he was a Credit Sector Specialist. Also based in London, Richard joins to expand the firm's investment grade coverage following the relocation of Mel Siew to Singapore to build out the firm's Asian investment research arm. Richard is a seasoned investment professional with nearly 15 years' experience.

The expansion of the firm's team of dedicated analysts highlights Muzinich's ongoing commitment to credit research, the cornerstone of its investment process.
