

## **Muzinich & Co. hires new trader to further strengthen investment team**

LONDON, September 24, 2018 - Muzinich & Co. announces that Paul Suter has joined as a trader with immediate effect.

In this new position Paul will be focusing on the European high yield market.

“Muzinich’s track record in corporate credit stretches back almost 30 years,” said Paul. “The firm’s first strategies were dedicated to high yield at a time when the credit segment was relatively young. I’m pleased to be joining an established credit house with such a long tenure in high yield, which today forms part of the company’s broader credit offering.”

“Paul has extensive experience trading corporate credit,” said Tatjana Greil-Castro, portfolio manager. “His expertise and well-established relationships within the market make him an excellent addition to our team, as we continue to grow and expand our credit solutions for clients.”

Paul joins from ECM Wells Fargo where he spent four years, latterly as a European high yield and loans trader. Prior to that he was at Whard Stewart and before that spent over eight years as a credit trader at Commerzbank.
